Notes for Teachers

The Intermediate Parts of Speech Teaching Resources eBook

This collection of over 100 teaching resources from the Teach-This.com website provides worksheets, activities, and games aimed at Intermediate level (B1) students. These resources have been created by a dedicated team of highly qualified and experienced English teachers and ESL professionals and have been tried and tested many times in the classroom.

The resources can be used in any general English course and are intended to supplement other materials. These resources are flexible enough to be easily incorporated into most lesson plans and can be used to introduce or reinforce language, practice or revise language structures, or improve core skills.

The book contains a wide range of easy to use, practical, and effective supplementary materials that focus on speaking practice as well as vocabulary or grammar exercises or activities to help students develop their reading and writing skills.

How to Use this eBook

First, scan through the table of contents to select a teaching resource. To make the selection process easy, all resources are categorised according to their relevant language point and are arranged in alphabetical order. The table of contents also indicates the aim of each resource and lists activity types that the students will engage in. Shortcut hyperlinks that quickly and easily direct you to your chosen resource are included.

Each resource comes with detailed teacher's notes that provide key details such as activity types, language focus, aim, preparation requirements, and estimated time duration. The notes also include a comprehensive step-by-step procedure and answer keys, making lessons quick and easy to plan. Each resource comes in a user-friendly and printable A4 PDF format.

Activity Types Explained

Each resource in this eBook falls into one of three categories: worksheets, activities, or games. The worksheets provide opportunities for students to examine form and function and exercises typically focus on either vocabulary or grammar. The activities are designed to provide opportunities for students to practice using the language in more interactive and interesting ways. The games offer students more fun and engaging methods to practice the language and help to liven up lessons.

For each language point covered in this eBook, you will generally be provided with one standalone worksheet, one activity, and one game to help students learn and practice the language in different ways.

Controlled and Freer Practice

Speaking activities in this eBook are labelled as either controlled or freer practice. In the controlled practice activities, students are given the target language to practice in a limited form. These activities are more restricted, and the focus is more on developing accuracy. The freer practice activities provide students with prompts that require them to make meaningful choices before they use the language. This enables students to produce the target language more independently with more of a focus on fluency than accuracy.

Focus

Abstract nouns

Aim

To learn and practice identifying abstract nouns.

Preparation

Make one copy of the two-page worksheet for each student.

Time

25 minutes

Introduction

In this abstract nouns worksheet, students learn and practice identifying abstract nouns.

Procedure

Give each student a copy of the two-page worksheet.

Students begin by identifying abstract nouns in sentences.

Exercise A - Answer key

- | | | |
|-------------------|-------------------|---------------|
| 1. problem, party | 2. job | 3. help |
| 4. Christmas | 5. respect, taxes | 6. trust, lie |

Next, students unscramble letters to create abstract nouns.

Exercise B - Answer key

- | | | | |
|------------|------------|-----------|----------------|
| 1. holiday | 4. fun | 7. work | 10. experience |
| 2. idea | 5. minute | 8. memory | 11. fashion |
| 3. use | 6. weather | 9. stress | 12. behaviour |

Students then complete sentences with the abstract nouns from Exercise B.

Exercise C - Answer key

- | | | | |
|-----------|------------|-----------|----------------|
| 1. fun | 4. weather | 7. use | 10. behaviour |
| 2. idea | 5. memory | 8. minute | 11. holiday |
| 3. stress | 6. fashion | 9. work | 12. experience |

After that, students complete each sentence with an abstract noun by choosing from multiple-choice answers.

Exercise D - Answer key

1. c 2. a 3. a 4. c 5. a 6. b

Students then move on to underline two words in each word set that are not abstract nouns.

Exercise E - Answer key

- | | |
|-------------------|------------------|
| 1. wife, criminal | 2. child, school |
| 3. gym, money | 4. pillow, boss |

Lastly, in pairs, students think of and write down two abstract nouns for each prompt. When the students have finished, review their answers as a class.
