Introduction

This word game is ideal for reviewing vocabulary and sentence structure.

Procedure

Divide the class into two teams.

Write two words on the board.

The first student to put up their hand and create a suitable sentence that uses the two words wins the round for their team.

The winning team then chooses one student from the other team to come and join them.

If the students know each other well, they normally choose the students who are really good at English, making it easier to win the game.

You then write two new words on the board and the game continues.

The game ends when there is only one team left. So everybody wins!

It's best to start the game off with some easy words, e.g. pen and paper. Then, gradually make the words harder or crazier, e.g. tennis and buffalo.
