Introduction

In this past tense activity, pairs race against each other to complete their partner's sentences with appropriate endings, putting verbs in the sentences in the correct past tense form.

Procedure

Divide the students into pairs (Student A and B).

Give each student a corresponding worksheet.

Tell the students not to show their worksheet to their partner.

Student A starts by reading their sentence beginnings to Student B, who listens and matches each one with a sentence ending.

Student B then completes the sentence by putting the verb in brackets in the correct past tense and reading the ending back to their partner.

If Student A agrees the ending is correct, they write it down next to the beginning.

When Student A has completed their sentences, the two students swap roles.

The first pair to complete their sentences correctly is the winner.

Afterwards, check the correct answers as a class.

Student A - Answer key

1. c, I *had washed* them the day before.
2. i, so he *didn't go* to work.
3. f, because he *had been drinking* coffee all day.
