Demonstrate the activity by writing some questions from the cards on the board.

Elicit the missing word to complete each question, i.e. do, does or the verb 'to be'.

Ask a few students the questions on the board and try to get as much information as possible by asking follow-up questions.

Students then start the activity.

The other students then respond in turn.

Encourage the students to ask follow-up questions and give as much information as possible about each topic.

When the question has been answered, the next student takes a card and so on.
