## Introduction

In this adverbs of degree game, pairs of students race each other to complete sentences with suitable adverbs of degree.

## Procedure

Divide the students into pairs (Student A and B) and give each student a corresponding worksheet.

Tell the students not to show their worksheet to their partner.

Explain that each pair of students is going to race against another pair to complete sentences with adverbs of degree.

Match competing pairs together.

The students then take it in turns to read out sentences to their partner who chooses a suitable adverb of degree from the bottom of their worksheet to complete each sentence.

The student who read the sentence then writes the adverb of degree down in the space provided.

Students continue taking it in turns reading out sentences until they are all complete.

The first pair to correctly complete all the sentences wins.

Afterwards, check the answers as a class.
